**Parents going to the classrooms during the school day –** Parents are asked to not enter classrooms after 8:00am. It is very important that we not have any parents in the hallways or speaking with teachers when they are trying to get their school day started. The office staff is happy to get a message to your student's teacher and help arrange a time for an appointment.

---

Celebrating our student's special days with them is something we love to do, but we ask that you would please make arrangements with your child's teacher so that it doesn't interrupt student learning. We cannot allow parents into the classroom during the school day but the office staff is happy to get your child's treat to the classroom for you. Thanks for your understanding.

---

**Skyward Family Access** is a great way to keep track of your student's progress. If you do not know your Skyward ID or Password, please contact the office and we can help you retrieve that information.
